

§ 711.5 Numerical precision of submitted data.

Numerical information submitted in declarations and reports is to be provided per applicable rounding rules in each part (i.e., parts 712 through 715 of this subchapter) with a precision equal to that which can be reasonably provided using existing documentation, equipment, and measurement techniques.

§ 711.6 Where to obtain forms.

Forms to complete declarations and reports required by the CWCRC may be obtained by contacting: Information Technology Team, Bureau of Industry and Security, U.S. Department of Commerce, 1555 Wilson Blvd., Suite 710, Arlington, VA 22209-2405, Telephone: (703) 235-1335. Forms may also be downloaded from the Internet at www.cwc.gov.

§ 711.7 How to request authorization from BIS to make electronic submissions of declarations or reports.

(a) *Scope.* This section provides an optional method of submitting declarations or reports. Specifically, this section applies to the electronic submission of declarations and reports required under the CWCRC. If you choose to submit declarations and reports by electronic means, all such electronic submissions must be made through the Web-Data Entry System for Industry (Web-DESI), which can be accessed on the CWC Web site at <http://www.cwc.gov>.

(b) *Authorization.* If you or your company has a facility, plant site, or trading company that has been assigned a U.S. Code Number (U.S.C. Number), you may submit declarations and reports electronically, once you have received authorization from BIS to do so. An authorization to submit declarations and reports electronically may be limited or withdrawn by BIS at any time. There are no prerequisites for obtaining permission to submit electronically, nor are there any limitations with regard to the types of declarations or reports that are eligible for electronic submission. However, BIS may direct, for any reason, that any electronic declaration or report be re-

submitted in writing, either in whole or in part.

(1) *Requesting approval to submit declarations and reports electronically.* To submit declarations and reports electronically, you or your company must submit a written request to BIS at the address identified in § 711.6 of the CWCRC. Both the envelope and letter must be marked "Attn: Electronic Declaration or Report Request." Your request should be on company letterhead and must contain your name or the company's name, your mailing address at the company, the name of the facility, plant site or trading company and its U.S. Code Number, the address of the facility, plant site or trading company (this address may be different from the mailing address), the list of individuals who are authorized to view, edit, or edit and submit declarations and reports on behalf of your company, and the telephone number and name and title of the official responsible for certifying that each individual listed in the request is authorized to view, edit, or edit and submit declarations and reports on behalf of you or your company. Additional information required for submitting electronic declarations and reports may be found on BIS's Web site at <http://www.cwc.gov>. Once you have completed and submitted the necessary certifications, you may be authorized by BIS to view, edit, or edit and submit declarations and reports electronically.

NOTE TO § 711.7(b)(1): You must submit a separate request for each facility, plant site or trading company owned by your company (e.g., each site that is assigned a unique U.S. Code Number).

(2) *Assignment and use of passwords for facilities, plant sites and trading companies (U.S.C. password) and Web-DESI user accounts (user name and password).*

(i) Each person, facility, plant site or trading company authorized to submit declarations and reports electronically will be assigned a password (U.S.C. password) that must be used in conjunction with the U.S.C. Number. Each individual authorized by BIS to view, edit, or edit and submit declarations and reports electronically for a facility, plant site or trading company will be assigned a Web-DESI user account
